

Programme - Monday, 25 September

ERUS-EAUN Robotic Urology Nursing Meeting

Concertgebouw: Kamermuziekzaal

- 08.00 - 10.15** **Morning sessions**
- 08.00 - 08.15** **Welcome**
 H. Cammu, Operating Room Nurse, Aalst (BE)
 J. Petersson, Registered Nurse First Assistant, Robotic Nurse Specialist, Aalborg (DK)
- 08.15 - 08.30** **Introduction to European Association of Urology Nurses (EAUN). EAUN - "now more than ever"**
 S.J. Borg, Specialist Urology Surgery Nurse, Msida (MT)

Chair: S.J. Borg, Specialist Urology Surgery Nurse, Msida (MT)
- 08.30 - 09.20** **Human factors in robotic surgery, team training and OR efficiency**
 D. Taylor, Lecturer in Operating Department Practice, Birmingham (UK)
- 09.20 - 10.00** **Standardising a European curriculum for nurses working with robotic surgery, a reality or a utopia?**
 K. Furbur, Specialist Operating Room Nurse, Paris (FR)
- 10.00 - 10.15** **Training and education to become RNFA**
 J. Petersson, Registered Nurse First Assistant, Robotic Nurse Specialist, Aalborg (DK)
- 10.15 - 10.30** **Coffee break**
- 10.30 - 13.15** **Lunch sessions**
*Chair: J. Petersson, Registered Nurse First Assistant, Robotic Nurse Specialist, Aalborg (DK)
 D. Taylor, Lecturer in Operating Department Practice, Birmingham (UK)*
- 10.30 - 11.05** **Avoiding complications in robotic surgery**
 D. Taylor, Lecturer in Operating Department Practice, Birmingham (UK)
- 11.05 - 11.45** **Position-related extremity symptoms after robot-assisted laparoscopic cystectomy**
 V. Ramirez, Operating Room Nurse, Stockholm (SE)
- 11.45 - 12.15** **Educational video sessions: 1) Port placement for robotic assisted radical prostatectomy and radical cystectomy; know your anatomy and how to avoid external and internal conflicts. 2) Managing rectal injuries during robotic assisted surgery; what to do when things go wrong**
 A.E. Canda, Urologist, Ankara (TR)
- 12.15 - 12.45** **Interactive video session: Complications during robotic assisted urology surgery. What to do when something goes wrong**
 V.E. Corona Montes, Urologist, Mexico City (MX)
- 12.45 - 13.15** **Anaesthesia for patients undergoing robotic surgery - what all OR nurses and RNFAs should know**
 G. Vandenbroucke, Anaesthesiologist, Aalst (BE)
- 13.15 - 14.00** **Lunch break**
- 14.00 - 17.10** **Afternoon sessions**
Chair: H. Omana, RNFA, Robotic Nurse Specialist, London (UK)
- 14.00 - 14.45** **Radical prostatectomy: Which patients do we meet in the OR? Latest research on the topic of PSA and diagnosing with fusion biopsies, factors deciding whether the patient will undergo surgery or have optional treatment. Handling postoperative complications**
 J.M.H. Aly, Urologist, Stockholm (SE)
- 14.45 - 15.30** **Bladder cancer: Diagnosis and treatment. Factors deciding ileal conduit or neobladder. Challenging case. Quality of life after surgery**
 R. Sanchez-Salas, Urologist, Paris (FR)
- 15.30 - 15.50** **Coffee break**

Programme - Monday, 25 September

ERUS-EAUN Robotic Urology Nursing Meeting

- 15.50 - 16.15** **How to ensure patient ethics and patient safety during live surgery - what are the EAU standards?**
F. D'Hondt, Urologist
H. Cammu, Operating Room Nurse, Aalst (BE)
- 16.15 - 17.00** **Kidney cancer: Diagnosis and treatment. Focus on partial nephrectomy, challenging cases and surgical case**
B. Challacombe, Urologist, London (UK)
- 17.00 - 17.10** **Summary**
J. Petersson, Registered Nurse First Assistant, Robotic Nurse Specialist, Aalborg (DK)
S.J. Borg, Specialist Urology Surgery Nurse, Msida (MT)
